PROFILE

Certified ship officer with expertise in marine surveys, safety standards, and inspections. My industry experience has developed deep insights into ship equipment, construction, and machinery. With around 3 years of sea-going experience, I strive for simplicity through an analytical and solution-driven approach. Following local, regional, and global macroeconomic business environments has honed my communication skills, attention to detail, and industry insights. I am enthusiastic about transitioning into diverse roles, leveraging my adaptability across different sectors.

PROFESSIONAL SUMMARY

Third Officer

May 2024 - July 2024

Fleet Management Limited

- Appointed Third Officer with the Yard Delivery team at Penglai Shipyard, leading fleet management for the successful delivery of the vessel “CELSIUS ESSEN” and achieved compliance with Chinese Port State Control and Flag State Inspection, ensuring zero defects in designated operational areas.
- Maintained a vigilant bridge watch while at sea, upholding the highest standards of navigation safety, security, and environmental compliance.
- Designated GMDSS Station Officer, responsible for conducting tests and maintaining records, implementing and enforcing ISM, ISPS codes, and SOLAS Regulations.
- Managed the maintenance and operational readiness of all deck fire-fighting equipment and life-saving appliances.
- Designated Duty Officer for cargo operations, moorings, and ship security during watch periods. Led emergency preparedness efforts, including developing and conducting safety training and regular drills to ensure crew readiness for emergency situations.

Trainee Navigational Officer

January 2020 – August 2022

Mediterranean Shipping Company S.A.

- Part of the deck team in the Yard Delivery at DSME shipyard Korea, of MSC APOLLINE, the largest container vessel as of April 2021.
- Assisted in maintaining a safe and efficient bridge watch, including monitoring navigation systems, radar, and communication equipment to ensure safe passage and adherence to maritime regulations.
- Participated in cargo operations including loading, unloading, and securing cargo, ensuring compliance with safety protocols and correct documentation and conducted routine maintenance tasks on deck, including cleaning, painting, and inspecting equipment to ensure vessel readiness and compliance with safety standards.
- Coordinated with various departments and crew members to ensure smooth operations and effective communication during daily tasks and emergency situations.
- Gained practical experience in various deck operations, including mooring, anchoring, and cargo handling.

Operations Assistant

June 2017 – June 2018

Alianca Logistics, New Delhi

- Managed and coordinated air freight, ocean freight, and road freight logistics to ensure timely and efficient delivery of goods.
- Facilitated customs clearance processes by preparing and reviewing documentation, ensuring compliance with import/export regulations and expediting the clearance of shipments.
- Coordinated logistics for exhibitions and trade shows, including the transportation, setup, and breakdown of exhibit materials and equipment.
- Provided exceptional customer service by addressing inquiries, resolving issues, and maintaining clear communication with clients and service providers.
- Prepared and maintained accurate records and reports related to shipping, inventory, and logistics operations.
